

## Polyethylene Wax

Properties	Value	Unit	Test Method
Viscosity @ 140°C	50±20	cp	ASTM D3236
R&B softening point	108±3	c°	ASTM E28
Melting point	100±5	c°	DSC
Density	0.93±0.01	g/mL	ASTM D611
Volatile Content @ 150°C	<1	%	ASTM D6658
Form	Flake	-	-
Color	White	-	-

### Application:

- Color Masterbatch as a dispersing agent
- Black & White Masterbatch as a dispersing agent
- PVC as an external lubricant
- Hot melt Adhesive

### Packaging & Storage:

- Bopp bag 25Kg
- The product has to be stored dry at room temperature
